Application No.: 09/002,990

Filed: January 5, 1998

Title: INDIVIDUALIZED PARAMETER CONTROL
FOR MULTIPLE MEDIA SOURCES IN A
DATA PROCESSING SYSTEM

Attorney Docket No.: GTW-0126

Conf. No. 8453

Art Unit: 2614

Examiner: Jason P. SALCE

TELEPHONE INTERVIEW SUMMARYCommissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

On October 11, 2005, the Examiner returned a telephone message left by Applicant's representative, Scott Richardson. During the telephone conversation, the finality of the pending rejection was discussed. In particular, it is believed that the pending final rejection is premature since the grounds of rejection were changed with respect to claims 43-44. (A further discussion of this topic, along with an excerpt of MPEP 706.07(a), is provided in the accompanying Amendment.)

Since these claims were not amended following the Office Action of April 7, 2005, and the rejection is not based on information submitted in an information disclosure statement, it is respectfully submitted that the finality of the rejection is not proper. Examiner Salce agreed to

look into the issue further upon receiving a response from applicant, and will decide whether or not to maintain the final rejection. Applicant's response to the pending Office Action of August 12, 2005 is filed in conjunction with this Interview Summary. Applicant's response traverses the finality of the rejection, and respectfully requests withdrawal of the final rejection.

In the event that this, or any other issues, could be easily resolved in another telephone interview, the Examiner's is invited to contact Applicant's representative, Scott Richardson, at telephone number 1.703.739.0573.

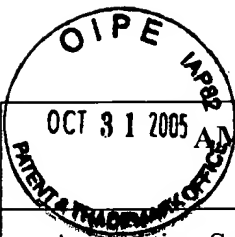

Respectfully Submitted,

October 31, 2005
